Here at KNR Dental Lab we strive for excellence in dentistry. Our mission is to be your preferred provider for cosmetic and functional dental appliances. We are a full service lab based out of Northern Georgia. We specialize in dentures, implant cases and complex restorations using only FDA and ADA approved materials.

We have the experience, knowledge and training to create the highest of quality products and services you won't find elsewhere. Our success is a result of our client's success!

In order to evaluate the quality of our services, we would like to offer you a credit of \$160 towards your first case and include free shipping both ways.

If you have any questions or would like to coordinate a lab case, feel free to contact us by calling 801.200.5452.

Sincerely,  
Shayna Thomson
